

# How to Turn off Your 24/7 Lifestyle and Turn on Your Life – **Dynamic Life Renewal** shows you how to take the work out of living and become a happier and healthier you!

Gloria Andrioli, PhD

**People are struggling to keep up with the demands of a fast changing world; they feel stressed and uncertain about the economy and their future health and welfare.**

Statics in the US reveal 935,000 heart attacks, 140,000 strokes per year and 30 million people suffer from depression. With a rise in health care costs, everyone needs free accessible health insurance in the form of practical self-help tools for emotional, mental and physical stress release and personal care.

Gloria has created **A Complete Guide for Feeling Fully Alive** that propels and inspires people to make personal changes and smart choices for a better quality life.
